2014

Anniversary - 110 years BALLISTOL Universal

We are proud to celebrate BALLISTOL Universal Oil 's birthday. It is now 110 years old. Starting in 1914, BALLISTOL always followed the motto "quality not quantity". The packaging had always been updated during the times. The corked glass bottle initially got a metal screw cap and then later on a plastic screw cap. BALLISTOL was filled up into aerosol cans since the sixties. Each of these packages went in line with the contemporary standards of environmental protection and sustainability.

These developments were necessary and useful. The content - the universal oil - had always the same formula during the whole time. Anyway it can easily keep up with the young competitors, mostly it beats them by far. No other oil all over the world deserves to be called universal oil. Only BALLISTOL can be used to metal, wood, leather, plastic, and rubber concurrently. And is also completely harmless to humans and animals, even if swallowed. It cleans, protects, lubricates and cares most of the materials used in household, workshop and industry.

F.W. Klever GmbH has been in existence for about 140 years now. It has survived two world wars, several world economic crises and many arduous tasks. But the German economic miracle after World War II as well as the fall of the Iron Curtain pushed the company forward. Today 70 employees work wholeheartedly, and our products are sold in more than 60 countries around the globe. We are certified according to ISO 9001 and GLP (quality management requirements for production and Good Laboratory Practice), as well as GMP (pharmaceutical Good Manufacturing Practice). Our state of the art laboratory and modern production technology as well as motivated employees represent a good basis for the future of our company.

We would like to point out our appreciation to all customers, all employees and all fans of BALLISTOL, and say a huge "Thank you" for trust and loyalty in our masterpiece BALLISTOL. To the acknowledgements we add the promise that the formula for success of BALLISTOL Universal Oil will remain unchanged the next 110 years, too!

BALLISTOL - It works!

BALLISTOL UNIVERSAL OIL

BALLISTOL universal oil

For maintaining metal, wood, leather, rubber, synthetic material, skin, animals' coat and much more. Ideally suited for handicraft, industry, agriculture, household, gardening, vehicles, fishing, hunting and shooting sports.

BALLISTOL is available in a glass bottle with 50 ml, in a can with 500 ml, in bigger sizes up to 200 litres and as spray can in 50 ml, 100 ml, 200 ml, and 400 ml. Our pump sprayer contains 250 ml and is the most economic alternative to aerosols.

Our oil pencil is for punctual and very exact use of BALLISTOL.

KAMOFIX - The powerful cleaner Fireplace, stove and grill cleaner

- For fireplace, stove, pots, baking trays and grills
- For glass plates, surface and grates
- Foams up - no dripping
- Works at once, no waiting time
- Cleans thoroughly without rubbing
- Biodegradable
- Ecology-minded, in practical reusable hand sprayer
- Also ideal for resistant plastics to remove water spots
- The practical size for testing:
as pump spray 110 ml or in a display available

BALLISTOL TECHNICAL CARE PRODUCTS

- ProTec
- Multi purpose grease
- USTA garage-oil

- Teflon® Spray
- Silicone spray
- Montagespray

- Startwonder
- SEAL-film spray
- Dust-free spray
- USTANOL
- H1 spray
- Freeze spray

USTA workshop oil

- Provides corrosion protection, preserves, cleans, protects, lubricates, works as a contact spray and rust remover
- Gliding active, easy crawl ability, non resining and non glueing
- Displaces moisture
- Eliminates disturbing squeaking
- Loosens tight mechanics
- Approved as cutting oil
- Contains very good anti-rust additives with additional wax particles (Can should be shaken well before use!)

The liquid multi-tool

USTA display

- Flyer with detailed descriptions and hints
- Description on the back

Contains:

12x USTA workshop oil spray, 200 ml

Display USTA, art. no. 22400

CLP-ability of USTA Garage-Oil:

Cleaning

USTA cleans dirty and oilglueing metal parts, it easily removes rust and cleans from dirty, rusty particles.

Lubricating

USTA keeps moving parts easily smooth running. Chains, sprockets, ball bearings, hinges, telescope mechanics, etc. remain in technical shape, mechanical abrasion is prevented.

Protecting

USTA protects iron, steel and non-ferrous metals reliably against rust and corrosion, even under extreme weather conditions.

USTA garage-oil spray, 200 ml, art. no. 22950

ProTec

- Care, maintenance and protection of industrial machinery and workshop equipment, precision tools, apparatus, forms and punching tools
- For lubricating thread machining / cutting
- Ideal for long-term preservation, even at high air humidity and aggressive ambient air
- Contains no waxes
- Long time rust protection
- Displaces moisture
- Eliminates squeaking and creaking
- Use to free tight fittings, plugs and joint connections
- Operating temperature from -40°C to $+150^{\circ}\text{C}$
- Can be used in industry and workshops, for all kinds of vehicles, on ships or boats, for fishing gear and agricultural machinery as well as household and garden

ProTec spray, 200 ml,
art. no. 25260

ProTec spray, 400 ml, art. no. 25261

ProTec spray, 50 ml, art. no. 25268

The premium rust protection product

Multi purpose grease

- According to DIN 51 502: K2K-30
- Wide temperature application range from -30°C to $+120^{\circ}\text{C}$
- Very high water resistance, water displacing
- Long-term lubrication
- Provides good sealing
- Easy pumpable in central lubrication systems
- Reduces friction and deterioration
- High pressure load-carrying ability
- Anti aging and work stable
- Protects against corrosion

Multiple purpose grease, 400 g, art. no. 25350

Multiple purpose grease, 1 kg,
art. no. 25351

BALLISTOL Teflon® spray

- Dry lubrication for sensitive areas
- Durable lubrication and gliding activity
- Reduction of static, sliding and rolling friction

Typical ranges of application:

- Casters and bearings
- Slide rails and guide rails
- Cables and telescope mechanisms
- Transmissions and gearwheels
- Plastics of all sorts

BALLISTOL Teflon® spray, 200 ml, art. no. 25600

BALLISTOL Teflon® spray, 400 ml, art. no. 25607
Teflon® is a registered trademark of the DuPont company.

Silicone spray

- Special lubrication for synthetic materials
- Protects and lubricates rubber, polymers, plastics and plastic gearwheels
- Eliminates squeaking and creaking
- Keeps rubber elastic
- Ideal for maintenance and restoration
- Adheres to surfaces strongly and durably

Typical ranges of application:

- Plastic transmissions and gearwheels
- Rubber bearings and strips
- Guide rails and slide rails
- Window and car sealings
- Cable tractions

Silicone spray, 400 ml, art. no. 25307

Silicone spray, 200 ml, art. no. 25300

Montagespray

- Special lubrication up to 1.000 °C
- Long-term corrosion protection
- Protects screw threads and fittings of all kinds from seizing up
- Suitable for assemblies and connections of different metals
- Solid lubricant

Typical ranges of application:

- Reduction of static, sliding and rolling friction
- Tire and rim assembly
- Hardware connections, fits, threads
- Drive shafts and drive insulations

Montagespray, 200 ml, art. no. 25200

Display technical sprays

Display Silicone + Teflon® + Montage, art. no. 22300

Contains:

Art. no. 22300

- 4x Silicone spray, 200 ml
- 4x Montagespray, 200ml
- 4x BALLISTOL Teflon® spray, 200 ml

Art. no. 22320

- 4x Startwunder spray, 200 ml
- 4x SEAL-film spray, 200 ml
- 4x Ustanol spray, 200 ml

Display Startwunder + SEAL + Ustanol, art. no. 22320

SEAL-film spray

- PVC film seals, coats and insulates
- Long-term corrosion protection
- Seals surfaces
- Resistant to aggressive gases, salt water and industrial wastewater as well as acid rain
- Protective film can be removed like a foil

Typical ranges of application:

- Seals circuit boards
- Insulates electrical connections and contacts
- Protection of precision and rough textured workpieces
- Sealing of surfaces of every kind

SEAL-film spray, 200 ml, art. no. 25100

Ustanol spray, 200 ml, art. no. 22800

Ustanol

- Super oil for precision engineering
- Enormously high creeping activity
- Cleans, lubricates and protects all metal parts
- Displaces water from the metal surface
- Rust protection and dissolving

Typical ranges of application:

- | | |
|----------------------------|------------------------------------|
| • Precision equipment | • Mechanical measuring instruments |
| • Cutting and milling work | • Mechanical clocks, padlocks |
| • Threads and fittings | and cylinder locks |

Startwonder

- The fantastic jump-start for cold engines
- Without engine harmful acetone

Typical ranges of application:

- | | |
|------------------------------------|--------------------------|
| • Cars, motorcycles, tractors | • Angle grinders |
| • lawn-mowers, snow blowers | • Power saws and scythes |
| • For two- and four-stroke engines | • Emergency generators |

Startwonder spray, 200 ml, art. no. 25500

BALLISTOL H1

Special oil for food and beverage industry

- International NSF-H1 admittance
- Colourless, flavourless and odourless
- Lubrication and cleaning of all machines used in food and beverage industry
- Corrosion protection and penetrating oil
- Applicable even at higher temperatures
- Loosens jammed mechanisms
- With antioxidants especially for the food industry
- Long lasting lubrication
- Reduces wear and tear
- Does not resinify
- Displaces water and humidity
- High creepability

H1 spray, 200 ml, art. no. 25310

Typical ranges of application:

- Slicers
- Pumps
- Inner bearings
- Gears
- Rollers
- Chains
- Drives
- Conveyor belts and others

H1 oil, 65 ml, art. no. 25319

Dust-free

- Removes dust, lint and finest particles
- Can be used to clean difficult accessible places
- Sensitive objects are treated with care
- Maximum efficiency due to the use of a non flammable special gas
- Usable volume of gas aprox. 80 litre (Compressed air only 5 liters)

Typical usage:

- Cameras, prime lenses and photo objective assessories
- Microscopes and optical equipment
- Computer, keyboards, printer, USB Ports ...
- Hifi/audio equipment and record player
- Electronic switches and modules
- Useful in laboratories and companies
- For hobby, workshop and industry

Freeze spray

- Contains a special non-flammable and a high efficient refrigerant gas
- For thermal troubleshooting
- No danger of fire or explosion
- Risk free utilization in environment of heat or flying sparks
- Non-conductive and does not damage materials

Typical ranges of application:

- Troubleshooting with electrical components
- Testing thermostats and temperature sensors as well as engine components such as carburetors and injection systems
- For repair purposes in industry
- For assembly of fittings with tightest tolerances
- For cooling of transistors, resistors and silicium diodes
- For shock freezing of rubber, foils and sticky residues, also for the removal of chewing gum
- Prevent heat damage during brazing and soldering processes

BALLISTOL resin remover

For cleaning tools and woodworking machines

- Effective cleaner for burnt-in resin residues
- For saw blades, planes, firmer chisels and other resinified tools
- Extremely efficient and simple in application
- Foams up – no dripping
- Spray on – wipe off – ready!
- Having done cleaning we recommend to preserve all tools and parts with BALLISTOL Universal oil
- Biodegradable
- Ecological up-to-date with re-usable hand sprayer

Resin remover, 600 ml, art. no. 25420

Resin remover pump-spray, 110 ml, art. no. 25421

MORGENGRAUEN**
feel safe!

NEW!

Available on summer

PFEFFER-KO JET

- Not flammable
- Easy to handle in lipstick form
- Small can with a big effect (Content: 15 ml)
- Contains 11% OC!
- Range up to 4 meters
- Spray time about 2 seconds

PFEFFER-KO JET, 15 ml, art. no. 24423

NEW!!! Unique, patented panic cap!

Our defense sprays introduce themselves with a new, extraordinary spray head flap, unique on the international market.

Advantages to the normal cap :

- In emergency cases, easy to press
- Prevents accidental spraying
- Damper with spring function
- With handy belt clip and lanyard ring
- Flame motif for a convincing impression

**In case of emergency
- push button (trough)**

NEW!
With panic cap

PEPPER-KO (pepper animal defense spray)

- Contains 11% natural highly aggressive Pepper extract (OC)
- The most effective pepper spray in Europe
- Makes attacking animals or violent criminals immediately incapable of acting
- Easy to handle, effective in use
- With practical belt clip
- Sellable without age limit (consider the legal situation in your country)

PEPPER-KO FOG, 40 ml, art. no. 24450

PEPPER-KO JET, 40 ml, art. no. 24420

PEPPER-KO FOG
nebulizes up to 4 meters

PEPPER-KO JET
incombustible jet up to 5 meters

Wire hook rack in red colour

- High-quality wire hook rack with 14 hooks
- With BALLISTOL logo
- Ideal for economical secondary placement

6x PEPPER-KO JET, 40 ml,
blister packs

6x PEPPER-KO FOG, 40 ml,
blister packs

Wire hook rack in red colour, art. no. 35083, without equipping

The really painful PEPPER-KO protects against attacks. Suitable against all kinds of animals. If necessary spray on eyes, mouth and nose. Do not spray at a distance less than 1m, do not spray against the wind.

Attention: In Germany PEPPER KO is only admitted to protect against animals, not against humans. Take into consideration the legal situation in your country. In case of accidental contact flush eyes and skin with cold water until the burning stops.

Bei Tierabwehrsprays handelt es sich um tragbare Gegenstände i.S.d. § 1 Abs. 2 Nr. 2b i.V.m. Abs. 4 des Gesetzes zur Neuregelung des Waffenrechts (WaffNeuRegG) vom 11.10.2002. In Anlage 1 (zu § 1 Abs. 4) „Begriffsbestimmungen“, Abschnitt 1, Unterabschnitt 2 Nr. 2 sind Tierabwehrsprays nicht erfasst und demzufolge erlaubnisfrei.

Sehr geehrte Damen und Herren,

NEW!
With panic cap

GUNCER
the next generation
of gun care!

Limited introductory set GunCer spray, 200 ml,
art. no. 22168

TIP!

Gun Care

Regardless whether you carry your gun in the hunting ground, on the shooting range or job-related, you have a common interest: your gun has to work accurate, with the required precision and shall look well-kept.

These requirements can only be achieved with careful maintenance of your weapon. We would like to facilitate your task with our products. You will find everything necessary for cleaning, preservation and regeneration of your weapon, besides cleaning stick, tow or felt plugs.

**Everything for the perfect
gun care, clearly at first view**

Gun care shelf display

- High quality metal display (value 250,- €)
- Easy moving with rolls
- Solid stand
- Individually equippable

Display gun care shelf display, art. no. 35075

Stand display gun care

- With gun care brevier and BALLISTOL story
- Space for 3 displays

Bestückung:

Gun cleaning pad

This high quality feltpad is the best protection of your gun and keeps your place clean while cleaning your firearm. The pad is abrasion resistant and contains a rubbermade base. The pad can easily be stored in your gun-case or gun-cleaning box. (without equipment)

Gun cleaning pad,
art. no. 33069

GunCer

Firearm tuning product with ceramic additive

- For professional snipers, hunters and law enforcement, for rifles, shotguns or handguns
- Special mixture of ceramic additives provide maximum performance and safe shot accuracy
- Reduces friction and deterioration of the firearm
- **Smooths roughness** (under load, roughness at the friction points will be reduced by flowgliding and plastically deformation of the friction point, which extremely reduces the friction in order to keep your firearm in best shape)
- **Reduced power losses while reloading self-loading pistols and rifles (even with weak load ammunition), resulting in less interferences**
- **Excellent corrosion protection, prevents fretting corrosion**
- **Works in a temperature range from -40°C to +210°C**
- **Ceramic additive even ensures lubrication up to +1000° C**
- **Water resistant & non-resining**
- **Without additions of silicon and PTFE**

GunCer spray 200 ml, art. no. 22166

GunCer spray 50 ml, art. no. 22165

INFO:

PTFE enriched oil may cause longterm damages inside the barrel. At high temperatures PTFE decomposes to hydrofluoric acid which is harmful for your firearm and for you as shooter.

GUNEX

Gun oil for care and protection

- Removes powder and tombac residues
- Keeps the mechanisms running smoothly
- Does not get sticky or resinify
- Long term protection against corrosion in all climatic zones
- Perfect care and maintenance for hunting and sport guns, pistols, revolvers and very pistols

Robla Solo MIL / FORCE

- Dissolves copper, zinc, tombac and lead residues
- Does not attack steel, nickel and chrome
- **Robla Solo MIL:** thin fluid to fill barrel completely
- **Robla Solo FORCE:** strong surface adhesion for easy cleaning

Robla Solo FORCE 100 ml,
art. no. 23550

Robla Solo MIL 100 ml, art. no. 23530

Robla cold degreaser Cleaner and degreaser

- Removes oil, grease and resin from surfaces and all mechanical parts
- For pretreatment of metal surfaces before browning or electroplating
- Ideal for cleaning brakes and brake discs.

KLEVER quick-browning cold-browning

- For browning of damaged parts of rifles
- Permanent and indelible browning
- For steel with up to 3% chrome

Robla cold degreaser spray 50 ml, art. no. 23356

**NEW
SIZE!**

Robla cold degreaser spray 200 ml,
art. no. 23360

Robla cold degreaser 50 ml,
art. no. 23350

KLEVER quick-browning
50 ml, art. no. 23630

Robla black powder solvent 100 ml,
art. no. 23400

Robla black powder solvent spray 200 ml,
art. no. 23420

Robla black powder solvent

- Loosens and removes remainders of black powder, soot and rust
- Removes oil and carbon particles from the metal
- Perfect for cleaning the cartridge ejection system in revolvers and cartridge feeds in pistols

BALSIN stockoil

- Regenerates, impregnates and preserves wooden stocks
- Provides a fine dull finish and optimizes the woodgrain

Vaseline gun grease,
art. no. 23690

Vaseline gun grease

- Resin and acid free gun grease
- Finest white quality
- Perfect for lubricating the internal and outside metal parts
- Care of mechanics and locks of airguns

SUCOLIN, 75 g,
art. no. 23720

SUCOL, 75 g,
art. no. 23700

Trophy bleaching 250 ml,
art. no. 25760

KLEVER trap oil 65 ml,
art. no. 23900

Airsoft-Gas 750 ml, art. no. 25144

Airsoft-Gas 500 ml, art. no. 25135

Airsoft-Gas 125 ml, art. no. 25146

SUCOL / SUCOLIN Gun tow

- The right tow for any kind of barrel, caliber and surface
- Dirt is fixed to the tow by its enormous absorptivity and is gently removed
- Long fibres for easy fastening at the cleaning stick
- Perfect of cleaning and polishing
- **SUCOL**: for shotguns (brown)
- **SUCOLIN**: for rifles (white)

Trophy bleaching

- Bleaching skulls and other bones purely white
- For first treatment or restoration

KLEVER trap oil

- For lubrication and maintenance of traps
- Neutral in odour and taste
- for all kinds of traps

Airsoft-Gas

- Increases your airsoftgun's performance
- Maximum Power! Not suitable for low-grade arms
- Maintains and keeps mechanisms lubricated and increases their performance
- Suitable for low temperatures and winter use
- Its regular use guarantees a perfect maintenance

GunTec gun oil

- Removes powder and smoke residue
- High corrosion protection
- Repels moisture
- Reduces friction
- Odourless / non-aromatic
- Temperature range: - 20°C to + 120°C

GunTec plastic cleaner

- Active cleaner for all plastic parts and components on firearms
- Used for all types of guns such as sport and tournament guns, hunting weapons (both large and small calibre) and air guns - ideally suitable for gunpowder pistols

GunTec barrel cleaner

- Cleaning fluid for intensive, but gentle barrel cleaning on short and long firearms
- Non-toxic
- Compatible with practically all materials (wood, gun-metal, stainless steel)
- eliminates copper, tombac and smoke deposits

GunTec gun grease

- Synthetic special grease with white solid lubricant
- Friction and wear reducing
- Excellent lubrication properties
- Wide temperature range: - 50°C to + 150°C
- For lubrication of all sliding parts, such as slide runners, ejector lugs, catches, as well as assembly aid for screw and pin connections

Scherell's SCHAFTOL Gun stock- and wood care

- Protects the precious wood in all weather conditions
- Made of finest natural substances
- Ideal for furniture and high antiques
- Available colors: gold, bright, reddish brown, dark, extra dark
- Environmentally friendly
- Without solvent

Scherell's SCHAFTOL assortment box

Contains:

- 4x Scherell's SCHAFTOL extra dark 75 ml
- 4x Scherell's SCHAFTOL bright 75 ml
